January 26th, 1915.

Mr. Albert Jaegers,  
112 Waverly Place,  
New York..

Dear Mr. Jaegers:-

Many thanks for your letter of January 13th, to which I would have replied sooner, had not preparations for our annual meeting (January 16th) and, after it was over, putting the reports in shape for printing, taken up so much of my time that I had to neglect my correspondence.

Can you inform me just when the Steuben medal was made, and give me the date of the unveiling of the Steuben statue in Potsdam?

Very sincerely yours,

Secretary.
